

AERIAL VIEW

An aerial view means looking at something from above.

MAPS

Maps show us where places are.

COMPASS POINTS

A compass shows the 4 main directions.

MAP SYMBOLS

Maps use symbols to show things.

School

Park

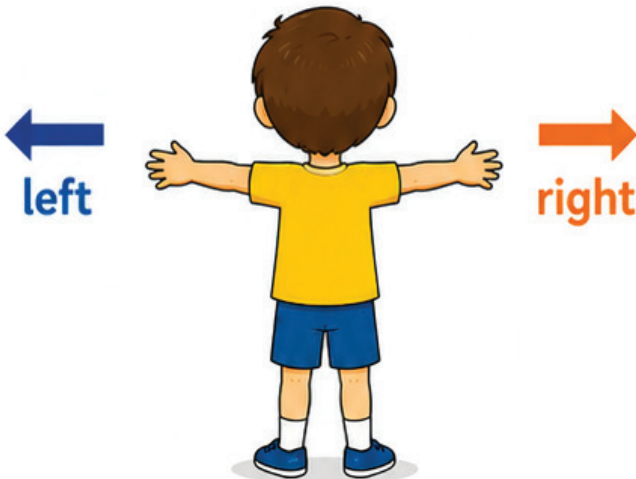

Road

River

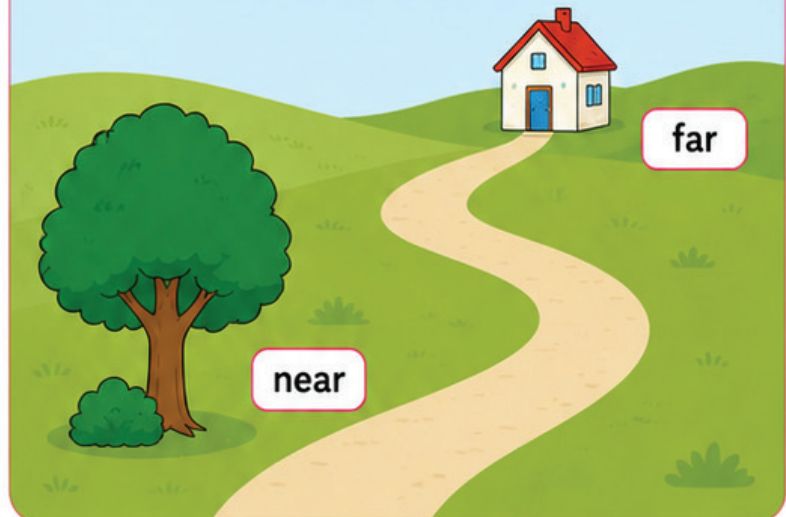

LEFT AND RIGHT

We can use left and right to describe direction.

NEAR AND FAR

Things can be near or far away.

KEY FACTS TO REMEMBER

We use our eyes to see.

We use our ears to hear.

Maps help us find our way.

We live on planet Earth.

We are all different but we all have a body!
