July 2026

Wow! What a year this has been. It has flown by in the blink of an eye!

What an adventure we have had!

We've walked in nature, carried out science experiments, developed our geographical skills by learning about Northern Europe and the British Isles and that was just the beginning!

It has been nothing but exciting, each week new ideas, new learning and lots of memories that will last a lifetime!

We are extremely proud of every single one of you. Keep sailing on cherubs!

Remember: As you move into your new classes next year, remember that some nerves are normal. You are strong, resilient and brave. Change can be scary but it's also how you grow and learn. Think of how much you have grown this year! You've got this!

Deep breath, pause, then carry on like the champions you are!

Finally, to all of you, Mums, Dads, Carers, this year wouldn't have been possible without you. Thank you for the support you have given over the year, thank you for keeping up with fast paced school life and the many parentmails we need to send. Your support and hard work is very much appreciated. We wish you all a summer filled with memory making and hopefully a little down time and relaxation. Before we know it, we will be back!!

Beach Please!
