Autumn Term Newsletter: 5

Emergency Weather Procedures

As always, this time of year, it is useful to share our bad weather procedures with you. If we have to make the difficult decision of closing the school due to bad weather, then this will be communicated to you through ParentMail, on our school Facebook page and you can also find a list of schools that are closed on the PCC website;

<https://www.pembrokeshire.gov.uk/school-closures>

As always, we do consider very carefully if we have to close the school and consult with the Chair of Governors before this decision is made. We aim to make a decision as soon as practicably possible and have to consider site safety as well as staff and families being able to get to school safely.

Dear Parents/Carers

Well, December is nearly upon us and already we can feel the excitement and anticipation in the air!

A ParentMail has gone out for show tickets and we will let you know if we have any spare tickets. Please do also try and sell our raffle tickets for our fabulous Christmas hampers – thank you so much for the donations already received!

Christmas dinner is on Wednesday 3rd December – we will have Christmas music and crackers we can't wait! If your child is not having a Christmas dinner, then they can bring in a lunchbox instead with some party treats in! No nut products please.

Clubs will finish the week beginning Monday 24th November as it starts to get very busy, however, Parkour will still continue on a Wednesday after school.

With regards to bad weather (see opposite) there may be some mornings where the school site is icy. If this is the case, we will use the front entrance to the school and/or the hall to ensure the children's safety.

I am looking forward to seeing you all over the coming weeks to join in with the school's Christmas celebrations.

Thank you for your support.

Mrs Hewitt HewittC30@Hwbcymru.net
